**CURRENT MEDICAL ACTIVITIES**

**MEDEX HEALTHCARE, INC.**

<b><u>Medical Director</u></b>	<b>Long Beach, CA</b>	<b>2001–2008</b>
<b><u>Chief Medical Officer</u></b>	<b>Newport Beach, CA</b>	<b>2012 – Present</b>

- Oversees the quality and appropriateness of primary and specialist care and occupational health services provided by a network of more than 3,900 physicians, hospitals, and allied healthcare providers throughout California, which serves more than 425,000 covered employees
- Implements and directs the network's accountable care, utilization management, performance improvement, physician credentialing, risk eradication, and regulatory compliance programs

**MEDICAL OFFICE OF ALEXANDER R. LAMPONE, MD**

<b><u>Physician Practice</u></b>	<b>Pacific Palisades, CA</b>	<b>2000–2014</b>
----------------------------------	------------------------------	------------------

- 2000-2014: Primary care and concierge medical practice, including complex patient consultation and advocacy services, coordination of care, and p.r.n. urgent care services
- 2012-14: Locum tenens clinical assignments at California urgent care and primary care centers, serving medically underserved patient populations (e.g., 2013-14: Watts Healthcare Urgent Care; 2013: LA-APAIT Primary Care)
- 2008-12: Beta test practice site for *ER LifeLine™* (Emergency Physician Advocates On-Call)
  - A patient advocacy service for enrolled patients to obtain 24/7 access to real-time consultation, advice, oversight of care, and advocacy from a group of on-call, Board Certified emergency physicians and trauma surgeons
  - Offering personalized patient safety services, including (but not limited to) independent physician oversight and coordination of care, patient advocacy (when indicated), early recognition of avoidable complications and preventable medical errors, expedited independent second opinions, and interfacility critical care transfers

**PROFESSIONAL EXPERIENCE**

**GOOGLE INC.**

<b><u>Medical Analyst and Consultant</u></b>	<b>Mountain View, CA</b>	<b>2009–2010</b>
--	--------------------------	------------------

- Selected by Google to perform strategic audit and analysis of its two on-campus Google Wellness Centers, and create a vision statement and proposed implementation plan to re-engineer GWC medical services
- Recommendations included an Internet-based, single data repository/EHR for real-time documentation of all patient records and services by all treating medical professionals, and monitoring and coordination of care in a centralized 24/7 command and control center by multidisciplinary Google Health and Wellness team, engaging and interacting in real-time with healthcare-empowered employees
- Performed services in alliance with BMC Med-Legal Group and an internal team reporting directly to Google senior management

## **ZENITH INSURANCE COMPANY**

### **Medical-Legal Consultant**

**Woodland Hills, CA**

**2001–2009**

- Workers' Compensation **consultant / analyst / strategist** for cases involving complex medical and legal issues
- Analyzed medical evidence and critical medical-legal issues; then developed a single, integrated action plan of evidence-based, multidisciplinary interventions
- Joined the litigation team as a retained medical-legal strategist and consultant, significantly contributing to the accelerated closure of complex and previously unresolved, vexing Workers' Compensation cases
- Established a rapid-review program for expedited second opinions for all requests for spinal surgeries in 2001–2004, responding to more than 500 surgical requests.

**NOTE: This program became the model for the “spinal surgery second opinion” requirements of California’s reform of its Workers’ Compensation system [California Labor Code §4062(b)].**

- Also provided these same types of med-legal services to a number of large, self-insured employers and law firms throughout the nation

## **SAINT JOHN’S HEALTH CENTER**

### **Medical Director, Emergency Department**

**Santa Monica, CA**

**1979–1994**

- Held the exclusive contract for hospital-based Emergency Services and 24-hour critical care response services for fifteen years
- Established and directed a multi-hospital physician group to provide medical services at Saint John’s and four other Southern California hospitals, including emergency medicine, inpatient acute care, occupational medicine, and hospital-based primary care services for more than 950,000 patient encounters

**Note: No malpractice settlements, payments or judgments during this entire 15-year period**

- Recruited, credentialed, mentored, and supervised more than 140 emergency and critical care physicians
- Negotiated managed-care and HMO contracts to protect patient access to care and optimize revenue growth, and investigated and resolved hundreds of disputes between managed-care plans, patients, and/or physicians
- Participated in strategic planning, quality and performance improvement, business development, and regulatory compliance activities

### **Chief House Physician**

- Recruited, organized, and supervised a 24-hour inpatient House Physician Response Team for acute inpatient and critical care units
- Established and supervised on-site, a 24-hour fast-track, occupational health center and employee health service, staffed by primary care and emergency physicians
- Integrated affiliated hospital-based physicians into my established multispecialty physician group for 24-hour on-site coverage, consultation, and continuity of patient care (forerunner model for hospitalist services)

## Medical Director

- ***Suspected Child Abuse and Neglect (SCAN) Team:*** Provided Emergency Medicine services and assisted law enforcement in the analysis and presentation of forensic evidence at hearings and trials
- ***Associated Physicians Of Saint John's, Inc:*** As an early and proactive mover in 1983, founder and member of the Board of Directors, established and directed this hospital-aligned, 275-physician multi-specialty IPA, and oversaw implementation of best practices criteria for appropriate and cost-effective care
- ***Med Centers of California:*** Established and directed two freestanding occupational medicine/urgent care centers in Ventura and Simi Valley (CA), in conjunction with a private equity investment group

## MEDICAL-LEGAL SERVICES, PROGRAMS AND INTELLECTUAL PROPERTY

Created, developed, tested and implemented the following innovative programs and services to diminish and prevent adverse outcomes and patient harm, and TO avoid the subsequent increased costs that would typically ensue

- ***Employers' Medical Coalition™*** (1992-1998): A Workers' Compensation case monitoring and dispute resolution company, utilizing outcome-based, prospective treatment protocols and client connectivity to assist employers in maintaining quality outcomes for employees, while controlling and decreasing costs
- ***WorkCompSolutions.com™*** (1999-2001): An interactive website to give Workers' Compensation stakeholders the ability to transmit, file, store, and retrieve all required forms, records, and communications in a real-time, secure, paperless, efficient, and cost-effective end-to-end system
- ***Double-Blind Medical Review™*** (2005-2006): A unique, evidence-based medical-legal system to assist in the resolution of Farmers Insurance Company's open (run-off) medical malpractice claims
- ***Early Resolutions™*** (2005-2010): A pre-litigation, pre-emptive ADR service to facilitate the early resolution of claims of medical negligence prior to the onset of litigation
- ***Early Interventions™*** (2005-2010): A real-time surveillance and proactive intervention service to assist healthcare organizations in the early recognition and rapid response to adverse medical events, medical errors, and foreseeable adverse patient outcomes to minimize, mitigate, and avert further injuries that would otherwise flow from such problems
- ***The Healthcare-Associated Infection Coalition™*** (2008–2009): A team of renowned clinical and scientific experts to assist healthcare delivery systems in analyzing, re-engineering, and improving the early recognition, control, prevention and eradication of healthcare-associated infections
- ***TheV-Meds.com™*** (2013–2014): **Co-Founder and CMO. Utility/Use Patents Pending** for a novel use of a hand-held, medical-grade, battery-powered vaporizer (using existing e-cig technology) to rapidly deliver *micro-aerosolized, therapeutic medications via nano-mist to the lung*, rather than through injections with needles
